Federal Ministry for the Environment, Nature Conservation and Nuclear Safety

gtz Partner for the Future. Worldwide.

Carbon Bazaar 2009

The German Federal Ministry for Environment and Nature Conservation and Nuclear safety (BMU), Indian Ministry of Environment and Forest (MoEF) and GTZ are jointly organizing an event "**Carbon Bazaar 2009**" on **28th & 29th April'2009**, **at Hotel Taj Mahal, 1 Mansingh Road, New Delhi-110011.**

- The main aim of the event is to develop direct linkages between the buyers in Germany and sellers in India. "**Carbon Bazaar 2009**" will offer a platform for interaction between Carbon Market Developers, Investors, Buyers and Sellers, Public and Private Sectors Units, Intermediaries, Chamber of Commerce, State and Central Govt. Policy makers and Consultants.

- "**Carbon Bazaar 2009**" would have 3 components viz:
    1. **Conference**
    2. **Business to Business meeting**
    3. **Exhibition**

1. **Conference -** A 2 day conference, during the technical and working sessions, would address pertinent, new and evolving issues like:

- PoA: New and Emerging Issues
- Buyers and Financers: Money for Change
- Renewable Energy and CDM
- CDM and Municipal Solid Waste
- Energy Efficiency in SMEs
- Sustainable Development Priorities & Gold Standard CDM projects
- Investment opportunities through market mechanisms
- Technology transfer/ Development and Low Carbon Economy

2. **Business to Business meeting –** a suitable match making will be done based on the 'Expression of Interest' of different CDM developers in India and CER buyers/ investors/technology providers from Germany. The buyers and sellers can enter a MoU based on their specific requirements. GTZ would act as a facilitator in conducting the B2B meetings.

3. **Exhibition –** The exhibition would have exhibitors from Indian and Germany and from various other international organizations.

This would serve as a platform for:

- Sharing CDM market specific knowledge between buyers and sellers from different sectors.
- Demonstration of new Environment- Friendly Technologies, Products and services facilitating low carbon growth.

There is no registration fee for the event but entry is only through invitation. The last date for registration for the event is 15 April 2009.
